Guest Speaker

Eric Magers, Executive Director from Seaside Sustainability

Very impressive presentation from our guest speaker. We learned how involved and committed Seaside Sustainability is to both our local community and to the world's environmental issues. From educating to hands on—they are making a significant difference.

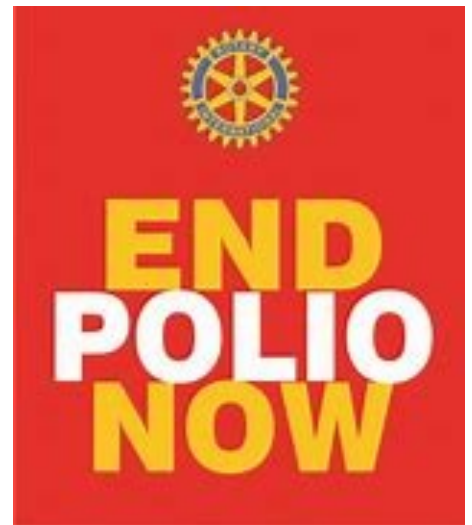

Seaside Sustainability is a non profit organization who's mission is to preserve and protect the world's oceans, seas, wetlands, and estuaries by motivating citizens to evaluate the critical issues facing the water environment, educating the public on best practices for sustainability, and providing guidance for taking effective action.

Areas of focus are the elimination of consumer plastics and the creation of educational programs for students of all ages. By partnering with diverse stakeholders, including educational institutions, environmental groups, and other organizations across the public and private sectors, Seaside Sustainability is committed to building an informed citizenry to address the sustainability of water-based ecosystems in communities around the world.

CAMP ROTARY

Camp Rotary is a private, nonprofit, educational, independent, co-ed overnight camp for kids ages 7 – 15. The camp has a rich history dating back to 1921 when it was founded as a service project of the Lynn Rotary Club. Although the majority of our campers come from the northeastern section of Massachusetts, there are campers from many other states that make the trip each summer. Additionally, each year the camp has children participating from several South American and European countries. The average age of the campers is approximately 12 years old, but typically there are campers of every age bracket from 7 to 15 years old represented each session.

Vision

Camp Rotary's vision is to be the best residential summer camp in the region and to earn the trust of parents, campers and the general public as a safe summer activity that offers positive, life-changing experiences, including the opportunity to create positive, strong bonds of friendship that can often last a lifetime..

Mission

Camp Rotary's mission is to provide well-trained, role model counselors who understand the importance of teaching children by example. Our mission is to impact the world by sending our campers and staff back out into their home and school environments with more self-awareness, independence, confidence, kindness, and respect of individual differences.

Our Core Values

Camp Rotary was founded by the Lynn Rotary Club, part of the Rotary International organization. The values of Rotary are imbedded in our philosophy. The Rotary motto of "Service above self" and the Rotary 4-way test are core to our value system:

1. Is it the truth?
2. Is it fair to all involved?
3. Will it build goodwill and better friendships?
4. Will it be beneficial to all concerned?
