**Lunch:** coffee, mixed salad, chicken wedding soup, grilled chicken, mixed vegetables, assorted deserts.

## Rotoplast Presentation

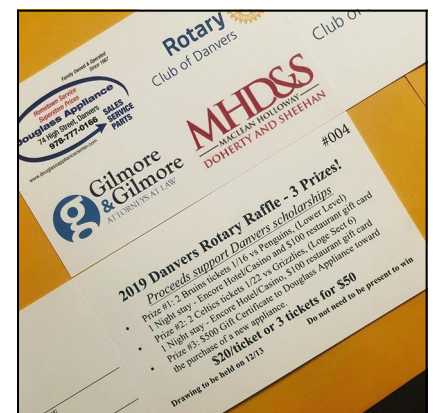

Today, Brian Ahern presented an impressive PowerPoint presentation on his previous Philippine's Rotoplast mission he attended in May. The presentation included costs, volunteer involvement, professional staffing and the details of the surgeries. Danvers Rotary raised \$1200 towards the project. Brian was involved in 2 surgeries. The surgeries only take a couple of hours but the process and preparation takes about a week. Planning takes over a year. Those with cleft lips/palates have

a number of health concerns, such as: hearing loss, speech issues, swallowing, breathing, appearance, dental, and social stigmas. It is caused by: Genetics, environmental, vitamin deficiency, and poor nutrition. Over 235,000 cases each year worldwide. 7500 in the United States. 1 in 700 children are affected.

Rotaplast International, Inc. is committed to helping children and families worldwide by eliminating the burden of cleft lip and/or palate, burn scarring, and other deformities. Working with local professionals, Rotarians, and other organizations, Rotaplast sends multidisciplinary medical teams to provide free reconstructive surgery, ancillary treatment, and training for the comprehensive care of these children. Rotaplast supports education and research towards prevention of cleft lip and/or palate. Our aim is to help local professionals build sustainable models for the care of these children, improving their lives and those of their families.
